### Absent were

Harold H.

Called to order by Al at 7:31 pm

General discussion on future plans for the Village green plantings, development of tree mapping for future replacement of trees as needed. Ed presented a map of the present trees on the Green some discussion on overall effect desired to create a Alley effect.

It was agreed on that A Bartlett Tree service, certified Arborist be called out to assess what would be the best course of action for very low hanging branch on the Fel's Oak.

Picnic table on hold under Fel's oak on hold

Discussion turned to trimming overhanging branches from the road ways and the best ways to approach this. We would start this process possibility around the Green on Cherry lane Woodland, Green lane and the length of Miller Rd, Sweep and Orleans. It was agreed to give notice via Page, website.

Buzz ware center parking area

We had smith paving fill strange round holes in lot with stone as well as tracks around the backstop area.

Miller Rd. drainage in the arear of Marsh Rd. is scheduled for the near future to have stone put in low areas to run off evenly into the woods.

Ed will contact Chopper in reference to start date and completion date of Field Theater.

Pavilion for buzz

And bus stop
