The August 28, 1933 meeting was held at the Sted Hall, under the chairmanship of Mr. Widdicombe, with Mr. Widdicombe presiding.

Mr. Widdicombe introduced Mr. Widdicombe, James Widdicombe, as the county representative.

Mr. Widdicombe discussed the general plans of the town and stated that he would cooperate with the townspeople in trying to enforce the rules about uncontrolled dogs. He stated that he would not attempt to take dogs running at large unless he received a specific complaint about the dog.

There were only 32 registered voters at the meeting, so Mr. Widdicombe made the following motion:

Assuming that we only had 32 voters, I moved that we proceed with the business of the August meeting and that the secretary and four qualified voters to begin the minutes of this meeting and make it a legal meeting. Motion approved.

The minutes of the July meeting were read and approved.

The secretary read the financial report of the treasurer, copy in attendance.

Crime Committee: Mr. Worrell reported that the dirt had been loaded in the swamp, but that more dirt is needed. The State Forester examined the trees in the swamp and said the amount of dirt around trees at present time is not harmful to the trees. The trees that are dying are mainly old trees that have lived their life cycle. The recommended removing old trees. Mr. Widdicombe reported swimming pools in Wilmington. Check on pool. He said the pool was in good condition, but he recommended using copper sulfate and the swimming pool to kill the algae. He also suggested having the water run through a corner at night to help purify it.

Mr. Worrell reported on a sewerage condition that
had not been tended to. He wanted the Town Assembly to take up the issue committee in turning the matter over to the Trustees for action. Report accepted.

Assessors: No report

Budget Committee: The report—a copy of which is attached was unanimously adopted as presented.

Community Planning Committee had a meeting but did not elect permanent officers because all members could not be present. They discussed several problems facing the town and thought that perhaps they should meet occasionally with the Civic Committee to work out details. Report accepted.

Registration: No report

Library Committee did not have meetings in August but Mr. Moody checked with heads of all committees to see if any need to call meeting.

Safety Committee reported progress in control of parking cars and dogs are being controlled somewhat. The second section of the Safety Committee report asks that a motion be made to request the Police to continue on with their regular beat. Council considered considerable comment. Some residents feel that we should handle our own problems by ourselves and not resort to outsiders to handle them for us. They felt that calling in the State Police might deter some of the fast driving and reckless mishaps that are taking place in town. A show of hands was asked when the motion was voted on. The motion to ask the Trustees to call in the Police for specific purposes was carried with no ayes and negatives.

Anchorage Committee announced the loss of the Trustee and found there to be no order.
School fences reported school almost complete.
My request that we not park on school grounds until new grass gets first rooting.
Under new business the election of chairman of advisory committee was put under discussion.
Mr. Finkley now as my nominee as secretary was instructed to cast unanimous ballot.
Mr. Moonley had declined the nomination because he felt the job should be rotated but he with drew his refusal to run at the request of the Town Assembly.
It was suggested that Mr. Moonley get some nominations to present at the next Town Assembly to act vice-chairman of the advisory committee.
The following people were nominated to serve on the Board of Assessors:

Arthur Finkley
Henry Angley
Samuel Freeman
Arthur & Stevenson Jr.
Frank Harrington
Harry J. Kugman
Emanuel Krastin
Carl Karlsson
John Moss

A motion was made and passed that the offender who had not corrected their sewage condition that had been reported by the civic committee be referred to the trespass and asked to the action. Motion passed.
Under other business Mr. Stephens asked for contributions to replace the damage done by the children to the Robin Hood Theater.
Meeting adjourned.

Respectfully submitted,
Mary Miller
