The regular meeting of the Town Council of Airdrie was held at Town Hall on June 16, 1921, with Trustee Ward presiding.

The minutes of the previous meeting were read and accepted. Letters of resignation from the safety committee were read, including those of John B. McWhirter, Andrew S. McKey, and Frank J. Callan. These resignations were accepted with regret but appreciation for past service.

Trustee financial reports were read and accepted. The report of Mr. J. P. O'Brien regarding the sale of the cemetery property was discussed. The sale of the cemetery must be approved by the Attorney General. The village hall must be sold. A lease for the land for the pumping station must be obtained at $1,000 per year. The sale of the service should start toward the end of August.

Mr. A. Wills made a report for the Town Committee. The report for the sewerage was about 174. The work plan for the sewer has been revised and affected by the weather. The repair of the sewer has also been delayed by rain. The repair is expected to be completed in the next few weeks,

Mr. A. Wills made a report for the Town Committee. The report for the sewerage was about 174. The work plan for the sewer has been revised and affected by the weather. The repair of the sewer has also been delayed by rain. The repair is expected to be completed in the next few weeks.
reported to the Assessment that an appeal by one of the farmers had been pending in court for some time. The Board of the assessment for the next meeting was postponed. Two public meetings would be held within the next month. The report of the Board of Assessors was received.

It was pointed out that the Budget Committee could not make their report until the assessment was settled, and a referendum would be delayed. It was felt that the Assessors should be able to assess their assessment before the September meeting.

A motion was made and passed that the same meeting be reconvened at the conclusion of the meeting to be recommenced at the call of the chair for the purpose of assessing the assessment report.

Community Plan: Meeting on June 15 and discussed the problem of the construction of trees. My advice was that the replanting work should be done simultaneously. The expected time to plant 2000 trees was completed. The expected time to clear the water shed.

Regulatory Committee report 373 votes.

Advisory Committee: The committee met and drafted the report. The report was incorporated in the report of the regulatory committee. The meeting felt that all committees are making progress on their various problems.
The Audit Committee presented a
written report to all residents present.
After some discussion, the report was
discussed.

Several Water Committee members
will work with the Community Planning Committee to pursue easements
for the sewer line. Mixture of water mains
cannot be discussed until the sewer
is complete. However, it is necessary
to check the situation. It is
even as important that the Planning Committee give
instructions to the Glen view
open space area. However, it is
necessary to work closely
with contractors. There has been discussion
for a more formal plan to be
implemented by the County.

Under old business, Mayorحجر was
mentioned and elected to become
the town assembly for one year.
First for March Meeting. Secretary was
re-elected to cast ballots for electing.

A motion was made and passed that the
Audit Committee to prepare
an amendment to the Bylaws that
camel a question for the town council at
the next town assembly meeting. The
amendment has been presented to
the Public and Mr. Smith had complaints about
Mr. Stacey's handling of specific traffic.
The matter then does not leave jurisprudence. 

Captain Hughes, State Police, is here to give testimony under jurisdiction of Deputy Sheriff, Captain Hughes, State Police. 

I am grateful for the good work he has done in controlling Harry Road. Many people defended Mr. Sturkey's action and pointed out that he did good work morning before he arrived. It also felt through that when we elect a new Safety Committee a notice should be sent to all residents pointing out our specific traffic regulations so that they are aware of all the rules.

A motion was made and passed that we elect a three-man Safety Committee to serve for three years. To complement this, an extra member, a Rotarian, would be added this year; the next highest year of three will serve in one year. Their duties are control of traffic and other safety procedures at control points of traffic with the Trustees.

Following were nominated for service on the Safety Committee: Albert Parker 
                Michael Geffen 
                Beatrice Geffen 
                Muri Biegen 
                Reese Davis

The Registration Committee conducted the election and announced that Albert Parker had been elected for 3 years, Reese Davis for 1 year, and Muri Biegen for 1 year.
Mrs. Angley reported that the
Brandonite Society were also
in attendance at the YWCA meeting
on Sunday morning. Mrs. Angley
mentioned that they held a meeting
to discuss the proposed apartment
under the \text{Zoning} Commission's
approval. The proposed apartment
would be used as a student residence.

An appeal has been made to the City
Council to support the student
residence. The appeal is based on
the need for additional student
accommodations in the area.

A motion was made and passed
that the Town Council opposes
the proposed apartment plans.

Regarding the change to the
name of the building, Mrs. Angley
reached out to represent the
Town Council. The name of the
building has been changed to the
Brandonite.

Mr. G. L. King, a local
architect, was appointed to
oversee the construction
process.

It was noted that two of our young
men, Woodrow and John, had been
awarded full scholarships to
Cornell University. Several other
young men have been elected to
Wyandot Men's Society.

If you need assistance, please
contact Chairman Moore or
2nd Vice President.
