The regular meeting of the Town Council was held at the field hall on June 28, 1965. The minutes of the March meeting were read and approved.

The financial report of the Trustees was read and approved. A copy of the report was distributed.

Mr. Williams reported that a meeting on the proposed swimming pool at the town complex was held on June 23. The Town Council received a report from the Trustees, requesting to acquire the three lots for a residential development. A special meeting might be called if necessary.

Everything possible is being done to stop the widening of Forest Road. An action by the county has been requested for at least a year. The Trustees are not to oppose the improvement to Forest Road but to oppose the proposed expressway.

In the de St. George report, Mr. Preston questioned the right of the Trustees to sell a leaseholder for the land could be used. He felt this might set a dangerous precedent in the future. Others felt that the request for rezoning should be approved. The Trustees voted unanimously to accept.

A report by Mr. Williams that general maintenance of the roads was necessary to keep up and repair. General action on the side of the roads became necessary to ensure daily repairs. The installation has caused significant improvements in the town area. New trees were planted in the woods and around town, one being...
removal, but there’s not enough money in the
budget to do all the tree trimming necessary.

The Street Maintenance Department has
been contracted to complete the
work of filling in deep holes in roads
caused by settling of the ground. They promise
to do the work soon.

The Board of Assessors made the following
report. The new full rental plan has been
adopted. The rental fee is set at $1200
per thousand square feet for one year.

The seven square feet of land at
145 per thousand
square feet are
priced.
The Board recognizes
a major variance from the town full rental
rate, causing for some lots that are
agriculture.
The full rental value
of commercially zoned lots will be at
the full rental value of 145 per thousand
square feet.

David St. Asaph asked whether an expert
land appraiser had been consulted. According
the official report, there had been no substantial change
in land values in the past two years.

A motion was made to have the
report of the Board of Assessors be
received.

Budget Committee no report.

Community Planning Committee reported
that no committee is doing anything
with land arisen at the
Board. The Department reported 371 votes.

The Report of the Auditing Committee was
circulated at copy are as fine.

They
reported a surplus of approximately 45.00. Although the surplus does not reach a fully adequate level, it does show a substantial improvement in the town's financial condition. The report of the auditors in motion was accepted.

A complete report of the Fire Protection activities was made by Chief Spinosi. The Committee, after consultation with the Fire Marshal's office, adopted the following rules:

1. Speed limit of 25 miles per hour on all Arden Road.
2. No parking will be permitted in areas with yellow curbs or other indicators of parking restriction.
3. Vehicles parked on Arden Road must have either both left or both right wheels off the road and must leave adequate clearance for traffic at all times.
4. Cars shall park on one side of the road only.
5. Drinking alcoholic beverages in cars on roads, greens, or parking lots is prohibited.
6. Trespassing in posted cars, on roads, greens, or parking lots is prohibited. Anyframes of a warning by the police officer shall constitute a Trespass.
7. All stop signs must be obeyed. Owners should remember that Arden Roads are also pedestrian paths and due caution must be observed at all times.
8. Tolerance committing any offense

Drinking which may constitute a danger
shall be subject to arrest for trespass.

Mr. Gladding reported that substantial
efforts have made to coordinate safety efforts
at the three centers. Ardmore has
adopted a set of safety regulations similar
to ours, and we appropriated it for work
for police protection. They have appointed
the safety committee with representation
of the three centers to explore possibility
of hiring an officer for the third
committee at a cost of $3,000 to $5,000 annually.

A figure of 1% for Ardmore, 1/3 for
Ardmore Inc., and 1/2 for Ardmore Co. based on population seemed reasonable to all
concerned. On the basis of 1,000 of Ardmore,
Ardmore would pay $500, while the apparel
for Men's apparel and $100 for
other. The Safety Committee asked the
trustees to appropriate $1,000 for
these funds to allow the attorney aide
protection equal to that of Ardmore.

Percey B. Henderson, the Green, was to be presented
at the request of the March Town Council.

Daniel Hoberman did prepare a packet area
for the tenants and front of the Weary Shop
the parking by the Gift Shop tenants
continued, and the Safety Committee has
not enforced the regulations until further
action is taken at the meeting.

The Safety Committee was to find
available and come only act in an
advisory way.
The Safety Committee recommends the following:

1. Warming a stop sign on the corner at Perry Lane.
2. Erect a stop sign a half mile north at Hillside.
3. Erect a stop sign at Field Hall.
5. Clean up 5 Cherry Lane.
6. Make Cherry Lane one-way north at Woodland Lane.
7. There was discussion concerning the report of Donald Stephen. The Craft shop students should be permitted to park on Gary's lot opposite the Craft shop.
8. My sons feel that if residents of Craft They have to park along or if there is a serious traffic problem, children who play with them in nearby areas may not be aware of the danger. The traffic officer also pointed out dangers at the corner for J. B. Franklin. I made the following motion that was accepted:

   "That the Safety Committee report on accepted and traffic regulations be enforced at the discretion of the Safety Committee and that they are to study the matter of parking on the greens and have a formal report at the September meeting."

And the following were granted scholarships for graduate study: Katherine Klibanski.
will have a year study in England ad
Marylyn J. has received a scholarship
for women medical college. New York
Asghy has been elected Secretary of
the Women's Valley City Improvement
Committee.

The meeting motion adjourned.
Respectfully submitted,
Mary Finkley, Secretary.
