The second meeting of the Town Council was held on June 23, 1957, with Mr. W. W. Van presenting.

After a quorum was declared present, Mr. W. W. Van introduced Mr. H. C. O. C. Lane, who had been retained by the Trustees to contact the Deputy Court and set up a procedure to have some of the deeds. Mr. Lane presented a complete report of his actions and suggestions as to how to start writing to the Deputy Court. A copy of Mr. Lane's report is on file.

Moreover, as we have already had two petitions signed by a majority of the leaseholders requesting connection with the Naumon.

Today, we find we do not have to present another meeting on the issue. It was pointed out that the deed, as held as a Trust, and the land is leased to the leaseholder and residents cannot have all the privilege of a saleholder. In the question of the payment of the first footage charge, the leaseholder has five years to pay the indebtedness to an agreement as an Arden, allowing us to connect with the sewer will have to pay the amount of cash before we can connect.

The procedure to be followed is to send a beautiful copy of the attached resolution to the Deputy Court.

The resolution was unanimously adopted.

A standing vote of thanks was given to Mr. Lane for his efforts spending the act in getting a sewer connected in the area.!
