The regular meeting of the Town Board in September 1967 at 7:00 PM.

Present:

The minutes of the June Town Board meeting were read. Mr. Donald Stephens reported he would not sign the report. "The Board of Assessors had not made any notations towards the review of the Board of Assessors report because it was not the Board of Assessors report. The minutes with these additions were as follows:

The assessment report of the Trustees was not approved. A copy was left to the Trustees. The balance due collected before 1st of September was $7,016.39.

The Trustees have written to the New Castle Planning Committee providing a draft of the revised plan.

The Classification would enable the State Planning Department to collect data and refrain from development. It would also have to be widened to 60 feet wide. Now that we are an incorporated village, we should have representation on the Planning Board.  As possible that we will get some funds for 1967. Mr. Donald Stephens is not a member of the Planning Board. We should have a census. The purpose of this meeting is to review that the draft will be processed by the County and the Board will witness the draft for the next meeting.
Civic Committee reported that general maintenance with have been done and that they have prepared for snow removal. The contract will be neither elaborated nor report.

Budget Committee report. The Committee considered the effect of the incorporation of the Village under the Law that the State Municipal Street and Fund will take care of the county roads and public protection. It would be necessary to declare all the roads due to improper maintenance to qualify them a street fund.

The Budget Committee feel that although the responsibility for Road maintenance had previously been null March 15, 1957, the year included money in the budget to cover any expenses until January 1957. The final report of 1957 was done by the Director.

The proposed increase in road taxes were not considered. Transportation Expense amounted to $4,050.00. A total of $5,500.00. Total state budget of $9,690.00 was included.

There were questions as to whether we knew how much aid we would receive from the Municipal State Street Fund. As soon as the Town of Center dedicates the Roads, the Village would continue over responsibility of Maintenance.

The question was raised as to what happens to maintenance of Roads from the Fund for the Municipal State and Street Fund.
I am B. Finkelstein, Town Treasurer. The Town must be realistic about establishing an adequate expense fund. All the
plants must be paid first. We had an adequate supply fund but
an increase in school taxes is expected at the
There is no provision in the next
budget to take care of overspending
on boat trips which will be voted
upon shortly.
A meeting was held and passed
by 25 to 15 ways that the budget
be laid on the table until more
 Officials can be given to it. At the next
meeting it can be removed from the
file and discussed.

Comments:
Planning reports progress
Advisory Committee - details could easily
Commissioner reports.

Registrar Committee reports 368 residents.

Report: Safety Committee
The committee has hired Edum M. Anderson
as special policeman.
Suggested following traffic will be
enacted:
1. All motor vehicle laws of State of Ohio
shall apply to Aiden except when local laws
are in conflict with city incorporation of Village
of Aiden.
2. All amendments to above laws to apply
3. Following local laws:
   a. Speed limit 20 mph except on

code that can be enforced be adopted
Also pointed out that many of the laws in
The State motor vehicle code cannot apply
to Arden and that a safety committee should
enforce laws that apply to us. Copies of
gun vehicle code should be made available
to residents.

A motion was made that the proposed
safety code be submitted to the Commission
of the Valley of Arden for consideration.
Motion passed.

School Trustees - They are holding a
referendum this October to raise school
taxes in order to pay for necessary
facilities - School population 354
Height above sea level 2,750 ft.
Fifth Avenue Plan had to be 85 people by
September 30, 1966. Even with proposed
increase debt will have lowest
taxes of all districts in the area.
It is hoped that the residents will
back this referendum.

Under unfunded items on the question
raised in the Budget Committee report
concerning the dedication of a
Road as Public use discussed.

There was a question as to whether
the balance due James Felix Co. could
be paid out of unmapped street funds
or as much as the bill was entered
by the Town of Arden.

It might be possible for Trustees to
sell the lands to the Village.
And as all money from the Street and Fund be used for the purchase.

The proposal to transfer from private road to public was should be studied carefully. It may be necessary to consult County Chairmen to find out if Trustees can do this without losing.

Mr. Gasko then proposed the following motion that was passed by voice vote: That the rate of 13c per thousand square feet assessed by the Assessors of Andes be reported at the Town Assembly at the rate of $14.60 per dollar submitted by a municipal report if the Assessors be submitted to referendum.

Mr. Hastings pointed out that we do not have enough money to run the town and we are planning for hope on a subsidy. Our money coming from a future of Municipal Street and Fund.

Mr. Van Buren stated that perhaps if the Board of Assessors recognize the different between those with large lots and those with smaller lots it would be able to have higher assessment rates that were more equitable.

Mr. Hillyard pointed out that the rate of entry to the town was now greatly our first year and this factor was not the last considered by Board Directors.

The following were nominated to serve on Bond and Assessors to be elected by proportional representation with at referendum.

Dr. Hidalgo, M. B. Smith, and W. F. Ewing.
code that can be enforced be adopted.

Mrs. pointed out that many of the laws in the state motor vehicle code cannot apply to Arden, and that a Safety Committee should be formed to suggest laws that apply to us. Copies of our school code should be made available to resident.

A motion was made that the proposed safety code be submitted to the Commission of the Village of Arden for consideration. Motion passed.

School Trustees - They are holding a referendum in order to raise school taxes to include pay for necessary staff teachers. School population is 84, but in New York State 1.75 for staff teachers. There had to be 85 people on September 30, 1966. Even with proposed increase Arden will have lowest tax rate in all district in the county. It is hoped that the residents will back this referendum.

Under unﬁnished business, the question raised in the Budget Committee Report concerning the dedication of funds to public use was discussed.

There was a question as to whether the balance due from Weber & Co., who collected the fourth of municipal street and park improvements, and as such, the bill was submitted to the Town of Arden. It may be possible for Trustees to sell the bonds to the Village.
Anders and money from the street and fund be used for the purchase. The decision to transfer for private road to public road should be studied carefully. It may be necessary to consult County Charters to find out if Trustees can do this whole deed of Trust.

Murry lastly proposed the following motion that as provided by 40.65 note 9 that the rate of 130.75 per thousand square feet assessed by the Assessors of Anders report at the Town Council and the rate of 14.00 00 submitted by a majority report of the Assessors be submitted to referendum.

Mr. Freyja pointed out that we do not have enough money to run the town and we are planning our hopes on a school. Our money owing may amount in future.

Mr. Van Burek stated that perhaps if the Board of Assessors recognize a difference between those with large lots and those with smaller lots it should be able to have higher assessment rates that were more equitable.

Mr. Murphy pointed out that the rating entered has been quite fair this year and this form was not taken into consideration.

The following were nominated to serve on Board of Assessors to be elected by proportional representation vote at referendum: Shaul Adkins.
Carlyle, Jack. Bernard, Brodovitch, Donald, Stephens, 
Murray, Foster, Wallace, Mosley, Moore, Rosen, 
Foust, Beale, 
Richard, Donner, Robert, Rommel, Reese, Davis.

A motion was made and passed that a letter be sent to the family of Helen Gordon 
expressing sympathy at her passing.
Meeting in motion adjourned.
