A special meeting of the Town Council of the Village of Arden was held on July 13, 1970, to consider the second reading of Ordinance \#4 - Use of Common as Cemetery. The meeting was preceded by William Ross, Chairman.

After a motion was declared present, the meeting was called to order. The Chairman, William Ross, opened the meeting. He stated that the final change cannot be acted upon until the third reading of the ordinance.

There was considerable discussion concerning Ordinance \#4 - Section 2.

The Chairman of the meeting was that overnight camping shall not be permitted on the greens by anyone. There have been some instances of tents set on the greens and it was felt that they should be written into the ordinance to prohibit this.

A motion was made and passed to record Section 2 as follows:

No person or group shall sleep or camp overnight on the greens or other common areas.

Any person or group shall sleep or camp overnight on the greens without written permission of the Trustees of Arden or the Chairman of the Town Council, or the Chairman of the Civic Committee, or a designee of the above-listed people.

If permission is not granted, reason for the refusal of the request shall be made written to the applicant.
It was suggested that the committee contact commissioners of other communities to find out what their restrictions on open fires were.

From Colgan, it was noted that the motion to limit open fires was felt that open fires should not be permitted except in designated areas.

A motion was made to pass the following shall be added to Section 4:

- Open fires shall not be permitted on the green or field of honor except at places in the area designated by the Civil Committee.

However, no fires shall be permitted at any outdoor fire.

Ordinance No. 5:

Section 2 - after create a permit to be created; thus it will read:

No person shall create a permit to be created any unnecessarily loud, disturbing, or unnecessary noise in the Village.

Section 3 as written was amended to read:

No person shall operate a motor vehicle in such a manner as to cause excessive noise.

No person shall operate a motor vehicle with brakes or muffler or other parts of which are in such a state of disrepair or maladjustment as to allow excessive noise.

The question of breeding dogs was considered.
It was decided that Section 4 could be amended to include dogs. The title of Section 4 would read 'Rodent Abatement Act' and a new Section 17 would be added to Section 4 thus:

No person shall allow an unattended dog outside of his own domicile to bark between the hours of 10 P.M. or 6 A.M.

It was felt that we need to give the town police enough authority to enforce these ordinances, he should be included with our Ordinance clause.

Many people were reluctant to have the police officers allowed to make these decisions or to give the people a disturbance. It was felt that the behavior of the residents was a matter that should be handled by the community and not the police.

It was felt that the police officer should have the authority to assist in the case of excessive noise by motor vehicles.

A motion was made and passed that Ordinance Section 6 should add 'be considered violation of Section 3. Testimony of an arresting officer may be deemed to be sufficient.'

A meeting is to be held on July 23, 1950 to consider control of the ghost town. Young people and concerned citizens are expected to meet with interested people.
The third reading of these ordinances will be at the September Town Assembly.

The meeting was then adjourned.

Respectfully submitted,
