

## PLAYGROUND COMMITTEE

1. The Playground Committee proposes to re-open the Town's Playgrounds at the same time as the State of Delaware re-opens its public playgrounds. This might occur in mid-June.

A Playground Equipment Safety Inspection will be conducted right before the re-opening to ensure that all equipment is in safe condition.

2. The Playground Committee is concerned about the possible Liability of the Town if people and children on the playgrounds and using the equipment do not wear face masks and practice "Social Distancing."

The Committee proposes to make and install three signs stating that people using the playgrounds and equipment must wear masks and practice "Social Distancing." The Committee feels that the signs will be sufficient to give notice to the public about our rules.

3. The Committee continues to gather more information and ideas on how to best utilize the State of Delaware Grant for Playground Equipment upgrades.
