

Safety Committee Meeting 1/11/18

Brooke Bovard, Steve Harcourt, Steve Tanzer,
Guest: Larry Walker

Minutes:

December minutes were approved.

Budget

There are no recent expenditures. We need to finish spending budgeted money by March. The committee approves making a proposal for bid for a contractor to install street signs.

Traffic:

Deldot plans to close the Marsh Road I95 ramps starting in June and continuing for eighteen months.

Brooke discussed with Deldot placing detour signs to minimize the expected extra traffic on Harvey Road. The road itself needs to be in good shape to handle the load. The pothole/cone on the corner of Harvey and Orleans is still an issue. Brooke will discuss the situation with Kathy Cloutier.

Fine Notices

There are no recent paid fines.

Golf Carts on Village Roads

Brooke researched the issue and found that golf carts and four-wheel quad vehicles are not legal to drive on the village roads. Residents should call the police if they see that happening.

Nuisance residence

How many unrelated people are allowed to live in a house? Steve Tanzer will call Cartier's office to ask what is legal in the county.

Encroachment

The committee heard about an encroachment issue on the 1900 block of Orleans Road. Members will inspect the site and discuss at the next meeting.

Sherwood Road

A Sherwood road resident believes that if they live on the road they can ignore the one way. Steve T. will talk to the resident.

Proposal for tree removal:

Larry Walker again presented a proposal to use the vacant housing fund for tree removal to improve sightlines. The committee had concerns about the process. We would need project specifics before we could review. For traffic calming, removing trees and shrubbery to improve sight lines would increase traffic speed.
