

Safety Committee Meeting 4/11/18

Brooke Bovard, Steve Harcourt, Steve Tanzer, Chris Junk, John DiGiacoma

This is the first meeting after the election. John is the convener. The committee reelected Brooke as chair and Steve as secretary. Steve will also monitor expenses.

The committee approved the March minutes.

Storage container:

There was a large storage container partially blocking Walnut street. Brooke worked through the Cow corporate offices to have the container moved.

Signs

At the end of the fiscal year Brooke put in a \$3500 sign order.

We agreed to hire a contractor at \$50/sign to install sign posts. This includes contacting Miss Utility. John will liaison with the contractor. Brooke and John will site the first signs.

The first order of installation will be:

- Lower lane, one on each side (4)
- Fire Lane (2)
- No outlet, Pump Path (1)
- Marsh, no parking bike lanes (2)
- Arden entrance from Marsh, blinking speed sign (1)

Police:

Brooke is scheduled to meet with the state and local community policing representatives to discuss traffic.

Right of way complaint:

Larry Walker brought a right of way obstruction complaint to a previous meeting. Brooke, Steve and Steve looked at the complaint site and decided it was okay. Brooke will write a letter to Larry.

Cars on Sweep:

Between 7:15 and 8:00 there are a number of cars parked on the sweep near Harvey waiting for a school bus. The number of parked cars, parents and children on that narrow street are a hazard. Chris talked to one of the vehicle owners to no effect. Brooke will have a conversation with the school bus company.
