

Safety Committee Meeting 9/12/18

Brooke Bovard, Steve Harcourt, John DiGiacoma, Steve Tanzer, Chris Junk

The committee approved the August minutes.

Parking

Brooke talked to the tenant responsible for the parking problem on Millers. The car is broken down and will be moved soon.

Bamboo Variance:

Cookie Olsen was not given a bamboo waiver by the county for plants adjoining Harvey Road. Brooke discussed the matter with DELDOT and Code Enforcement. They agreed that the Village was responsible for the right of way, so Brooke was able to sign the waiver.

Arden parking task force

The Village parking subcommittee met twice. Brooke is chair.

Line of Sight:

There is a reported problem with hedge obstructing the line of sight at Meadow and Harvey. We will take a look.

We approved contracting Sean Van Neerdan to prune some problem areas.

Barrish Leasehold:

There is an issue transferring the Barrish leasehold due to a hedge obstructing the right of way. A trustee was set to remove the hedge himself. Brooke asked that they contact the new leaseholder to ask if he wants the hedge.

Signs:

Chris will put in a sign order.

Egali is no longer available to install signs. John has another worker lined up.

Budget:

We have spent \$1088 of the \$3400 budget.
