

Civic Meeting Minutes
January 7, 2014

Meeting commenced 7:16 P.M.

Attendance: Tom Wheeler, Ed Rohrbach, Mick Fitzharris and Andrew Jordan (guest)

December 2014 Civic Monthly meeting minutes approved

Roads

No sand barrels were delivered this winter. Tom will contact DelDot.

Drainage end of Pond Lane: Instead of just resurfacing the road, Downing agreed to build a concrete swale. Ed will ask him to do this before the end of the fiscal year.

Memorial Garden

Reviewed the stage status that was presented to Advisory last night about it being mostly located on Memorial garden. Letter of indemnity and certificate of insurance have been provided. NCC wants the stage removed because no permit was authorized to build. Three memorial urns ashes are outside of boundary of memorial grounds. Civic ordered a new survey; Civic is presenting the issue for the town to decide how they want to address it.

Playground slide has been removed from under Fels Oak and the intent is to replace it and relocate to a safe area. Russ Carlson of Tree Tech is going to provide a tree assessment and make recommendations as to what to do with the refuse of old mulch, geo fabric (leave or remove) for \$300 fee. He has to wait till the ground is not frozen and will have to wait till late March. A proposal should be ready for June Town meeting.

Meeting adjourned 7:55 P. M.
