Funds are available now.

Last year we spent all money out of our budget. We are spending last years and this year's money.

Motion was presented and passed to accept bids and do work.

Plan to obtain a single proposal from Downing and then present it to the town officers for signature.

**Trees**

The Miltons offered Arden a Meta Sequoia (Red Dawn) and they would like the civic committee to plant on the green.

The committee is concerned about not having a plan for planting the trees: Suggested to create an overall plan before accepting.

The civic did do a walk around to get the shape of the greens. Plan on taking a second look and decide if we need a master plan. Once we come up a plan civic will share it with community planning before proceeding.

Meeting Adjourned at 7:27 p.m.

Next meeting is scheduled Tuesday, October , 2012.

Respectfully submitted,

Elizabeth Resko

Secretary, Village of Arden
